Enjoy traditional tucker, rustic living and master the art of farming using traditional Jackaroo and Jillaroo techniques in the stunning Australian Outback! You learn skills including horse riding, cattle mustering, lassoing and the secret art of Natural Horsemanship or 'Horse Whispering'! It's an action-packed 5 or 11 day itinerary that will leave you breathless but with enough amazing experiences to last a lifetime.

Destination Info

This programme is based in Leconfield, a small town in the heart of the Australian outback around 50km east of Tamworth. You'll be able to get back to nature spotting indigenous wildlife and taking horse rides over the vast and stunning surrounding landscape. If you want to get away from it all on a once in a life-time experience then this is the ideal destination for you; traditional tucker, Aussie culture and rustic living!

Please note that the 5-day and 11-day options are at different properties.

Itinerary

Whatever your level of experience, you can get to grips with a whole host of new skills from lassoing to Natural Horsemanship and bed-down under the stars in the Aussie wilderness after a good days work! Below is the typical itinerary for the 5-day jillaroo Jackaroo school, for those that choose the 11-day package you'll be at a different property, doing all the activities over 11 days allowing you to widen your skill set over a more dedicated period of time.

On day 1 you'll be picked up at 9am from the YHA hostel in Tamworth and taken to a second hand store where you can buy cheap work clothes, a cowboy hat and boots. Next stop, the ranch in Leconfield (dependent on the duration of course that you choose) for your introduction and a much needed cup of tea. In the afternoon enjoy a grooming and saddling up lesson as well as a lesson on Natural Horsemanship riding followed by a 2.5 hour ride including bush survival and local bush tucker!

Australian Jillaroo Jackaroo School

Only Day 2 and you're up to catch and saddle the horses! Enjoy morning lessons in Natural Horsemanship, horse shoeing and whip cracking and lassoing. In the afternoon experience a variety of activities from mustering sheep on horseback to trotting and cantering in the arena, a barrel race on horseback, a talk on sheep health and husbandry and a sheep shearing lesson. Cram in lunch and dinner and you'll soon be settled into your new lifestyle!

Have your energy and concentration levels set to maximum today with fencing or yard building (this often involves tree felling) being taught. After a hearty lunch and for those who are interested in finding out where their meat comes from, you can take part in slaughtering a sheep.

Rise early to catch and saddle the horses before taking some time out to enjoy a few Natural Horsemanship games. Next, experience mustering cattle on horseback and yarding and drafting cattle. You've deserved your lunch, after which you'll learn about cattle breeds and husbandry as well as wrestling, branding and marking calves followed by a demonstration in using working dogs. If that wasn't enough cowboy-ing around for one day you'll also get to put your skills to use in a lassoing competition!

Early to rise again and using your new expert skills you will catch and saddle your horse and learn more about how to maintain saddlery. If travelling in the warmer months, ride to the swimming hole where we swim the horses and after a break and take the horses for a trot and a canter. If it's not warm enough you'll probably not want to swim but you'll still take the ride. After a picnic lunch you'll finish with some games on horseback before riding back to the ranch for your final night in Tamworth where you'll stay in the local YHA Hostel and indulge in a farewell night out with your new friends. You're free to embark on onward travel the next morning.

For those who are taking part in the 11-day course, you'll get twice the experience with time off at the weekend to enjoy the ranch and the local area! Day 11 will be departure day when you'll be taken back to Tamworth in the morning for your onward travel.

Accommodation

If you choose the 5-day course you will stay in a bunkhouse at the ranch. For those that choose the 11-day course you will stay in a different property run by a different organisation. All facilities are shared, giving you the opportunity to live the authentic outback lifestyle and get to know your fellow cowboys and girls!

Cultural Considerations

Australia is a melting pot of different cultures. It has a population of over 21 million people with most of the population living on the east coast between Adelaide and Cairns. High waves of immigration from England, Ireland, Italy, Greece, Malta and Eastern Europe have occurred during Australia's brief history, particularly after World War II, and the later waves from the Middle-East, East, and South-East Asia, as well as the Indian subcontinent, have created a truly diverse population.

Although Australia has no official language, English is spoken by 80% of the population. Chinese, Italian and Greek are respectively the next most common languages, reflecting Australia's cultural diversity and concentration of nationalities. Australians have very strong attitudes and belief systems which are reflected in their culture. Australians traditionally have a very ironic sense of humour.

Vaccinations & Health

Travel health can often be something people forget about before going away, but a little preparation and knowledge can go a long way to help you stay fit and healthy while abroad. The risks to your health whilst travelling will vary depending on your general health and the type of activities you are going to be partaking in and the length of your stay.

Since we are not medically qualified, it is recommended that you consult with your Doctor or a recognised Travel Medical Advisory Service who will assess your particular health risks before recommending vaccines and/or anti-malarial tablets and advising you on what precautions you should take.

Safety

As in most countries there are people who try to take advantage of tourists. The following advice is intended to help you keep safe:

- Always keep your personal items such as passport, money and camera with you and in a safe place. You can buy mini padlocks to prevent people from going into your bag without your permission.
- Don't carry excess amounts of cash
- Wherever possible, walk around in groups, especially after dark, and avoid taking short cuts
- Do not pick up hitchhikers if you are driving and do not hitch hike yourself
- When you are out do not leave your drinks unattended, as there have been reports of drinks being spiked

We advise that you check your government's advice before travelling abroad. For UK and American customers please see the relevant links below;

UK: www.fco.gov.uk

USA: www.travel.state.gov

ATM Theft

It is very likely that you will need to withdraw cash at some point during your travels. Please be cautious when withdrawing money from an ATM and ensure that you are vigilant of other people near the ATM, especially those that offer unsolicited assistance if your card is detained. It has been recognised that individuals are operating unlawful withdrawals by placing 'traps' in ATMs whereby personal bank cards are being detained, causing the victim to believe their card transaction has not been completed, and leaving their bank card in the ATM which is then later retrieved by the thief.

If your card is confiscated or you are concerned that your card has been tampered with, please report immediately to the bank or cancel your card.

Food & Drink

You will find food in Australia to suit all taste buds, with the larger cities in particular offering a great range of places to eat. Due to the large amount of British settlers, Australian food is reasonably similar to that in Western Europe, but if you are feeling particularly adventurous get involved in some bush tucker (kangaroo, emus) or the infamous vegemite. For less scary Aussie food, look out for fresh seafood and of course, a typical Aussie barbecue!

Please let Real Gap know before you depart if you are a vegetarian or have any other dietary requirements.

Public Holidays

When planning your trip, you should be aware of the major national holidays celebrated throughout the country.

Weather

Australia is located in the southern hemisphere, where seasons are the opposite of those in the northern hemisphere.

The summer months in Australia (November to March) can get very hot. Up north, in Queensland for example, the summer period brings the rainy season and the weather can be very hot and humid with lots of rainfall. The winter months (June to August) in Queensland bring much dryer weather but still heat. The further south you go the colder and wetter winter becomes and in some mountainous areas of New South Wales, Victoria and Tasmania skiing is possible.

Time

Australia is such a big country that it has three time zones:

Eastern Standard Time (Queensland) – 10 hours ahead of GMT depending on Daylight Savings
Central Time – 9.5 hours ahead of GMT
Western Time - 8 hours ahead of GMT

Electricity

Electricity in Australia is 240 Volts, alternating at 50 cycles per second.

Sockets in Australia are V-shaped flat prongs.
