We are not responsible for the actions of local immigration and customs officials, whether at points of entry or otherwise, and any subsequent effects.

All visitors to Australia need a visa – only New Zealand nationals are exempt, however you will receive a 'special category' visa on arrival.

If you intend to work after your week in Sydney you will be required to apply for a working holiday visa.

Working Holiday Visa

To take part in this programme you will require a working holiday visa. The working holiday visa is available to anyone age 18-30. The emphasis is on casual employment: you are meant to work for no more than six months at any one job. If you want to stay in Australia for up to 24 months, this is now possible for some nationalities. Speak to one of our sales advisors for more information.

For the most up to date information on visa requirements, please visit <http://www.immi.gov.au/>

Cultural Considerations

Australia is a melting pot of different cultures. It has a population of over 21 million people with most of the population living on the east coast between Adelaide and Cairns. High waves of immigration from England, Ireland, Italy, Greece, Malta and Eastern Europe have occurred during Australia's brief history, particularly after World War II, and the later waves from the Middle-East, East, and South-East Asia, as well as the Indian subcontinent, have created a truly diverse population.

Although Australia has no official language, English is spoken by 80% of the population. Chinese, Italian and Greek are respectively the next most common languages, reflecting Australia's cultural diversity and concentration of

nationalities. Australians have very strong attitudes and belief systems which are reflected in their culture. Australians traditionally have a very ironic sense of humour.

Vaccinations & Health

Travel health can often be something people forget about before going away, but a little preparation and knowledge can go a long way to help you stay fit and healthy while abroad. The risks to your health whilst travelling will vary depending on your general health and the type of activities you are going to be partaking in and the length of your stay.

Since we are not medically qualified, it is recommended that you consult with your Doctor or a recognised Travel Medical Advisory Service who will assess your particular health risks before recommending vaccines and/or anti-malarial tablets and advising you on what precautions you should take.

Safety

As in most countries there are people who try to take advantage of tourists. The following advice is intended to help you keep safe:

- Always keep your personal items such as passport, money and camera with you and in a safe place. You can buy mini padlocks to prevent people from going into your bag without your permission.
- Don't carry excess amounts of cash
- Wherever possible, walk around in groups, especially after dark, and avoid taking short cuts
- Do not pick up hitchhikers if you are driving and do not hitch hike yourself
- When you are out do not leave your drinks unattended, as there have been reports of drinks being spiked

We advise that you check your government's advice before travelling abroad. For UK and American customers please see the relevant links below;

UK: www.fco.gov.uk

USA: www.travel.state.gov

ATM Theft

It is very likely that you will need to withdraw cash at some point during your travels. Please be cautious when withdrawing money from an ATM and ensure that you are vigilant of other people near the ATM, especially those that offer unsolicited assistance if your card is detained. It has been recognised that individuals are operating unlawful withdrawals by placing 'traps' in ATMs whereby personal bank cards are being detained, causing the victim to believe their card transaction has not been completed, and leaving their bank card in the ATM which is then later retrieved by the thief.

If your card is confiscated or you are concerned that your card has been tampered with, please report immediately to the bank or cancel your card.

Food & Drink

You will find food in Australia to suit all taste buds, with the larger cities in particular offering a great range of places to eat. Due to the large amount of British settlers, Australian food is reasonably similar to that in Western Europe, but if you are feeling particularly adventurous get involved in some bush tucker (kangaroo, emus) or the infamous vegemite. For less scary Aussie food, look out for fresh seafood and of course, a typical Aussie barbecue!

Please let Real Gap know before you depart if you are a vegetarian or have any other dietary requirements.

Public Holidays

When planning your trip, you should be aware of the major national holidays celebrated throughout the country.

To view a list of the public holidays for Australia, please see the link below:

www.timeanddate.com/holidays/australia/

Weather

Australia is located in the southern hemisphere, where seasons are the opposite of those in the northern hemisphere.

The summer months in Australia (November to March) can get very hot. Up north, in Queensland for example, the summer period brings the rainy season and the weather can be very hot and humid with lots of rainfall. The winter months (June to August) in Queensland bring much dryer weather but still heat. The further south you go the colder and wetter winter becomes and in some mountainous areas of New South Wales, Victoria and Tasmania skiing is possible.

Time

Australia is such a big country that it has three time zones:

Marketing and PR Internship in Australia

Eastern Standard Time (Queensland) – 10 hours ahead of GMT depending on Daylight Savings
