Destination Info

The Kingdom of Thailand, with a population of 65 million people, is located in the heart of Southeast Asia and shares borders with Cambodia, Laos, Malaysia and Myanmar. It is an area of outstanding natural beauty complemented by impressive architecture, including striking temples. The country is also well known for its appetising food and the people renowned for their friendly manner.

Itinerary

Day One: Arrive in Bangkok

On Saturday you'll be personally met on arrival at Bangkok airport by our friendly co-ordinators. They will take you to your hotel. Depending on when you arrive, you can relax or explore this exciting city. We will arrange a welcome dinner on Tuesday evening. This is a great opportunity to have fun, make friends with your fellow travellers and get to know the co-ordinators.

Overnight in Bangkok.

Day Two: Tour of Bangkok

Meet the staff at the hotel lobby at around 9am for a welcome chat and brief introduction of your experience. This is a great opportunity to meet fellow travelers and get those questions answered by our team. Once the talk has finished we will walk through bustling Bangkok to our first stop on the tour - the Grand Palace.

The Grand Palace is the most sacred of all landmarks in Thailand, all Thais must visit the Palace at least once in their life to pay respect to their most revered monarch, there is also a saying that you have never truly been to Thailand unless you go within the walls of the Grand Palace, so a great way to start your tour. The Grand Palace

Thailand Bangkok to Beaches 2014

is not included in the tour and costs 350 baht. If you do not wish to go into the Palace there is a small market nearby selling all kinds of souvenirs and street food. After the Grand Palace you will stop for lunch for an hour or so before setting off towards Wat Arun or The Temple of Dawn which is a quick stop over the Chao Phraya river. This temple offers great views of the city – at a price, as the view requires a slight climb up some ancient steps!

Crossing the river again, a short 5 minute walk will bring you to Wat Po or The Reclining Buddha. Here you can walk around the statue and partake in some of the rituals which are said to bring you lots of good luck. You will then head back towards Khao San Road and your hotel, to either rest or go shopping in and around the Khao San area where almost anything is sold and at very reasonable prices - just remember to meet your team around 8pm for your welcome meal and continued merry making within Khao Sans' infamous night scene.

Overnight in Bangkok, breakfast included.

Day Three: Cha Am

At around 10am you will leave your Bangkok hotel and make the two hour journey south to Cha Am, a resort boasting Thailand's longest white sand beach, in Phetchaburi province. Here you will have the afternoon free to chill out on the beach.

In the evening your co-ordinator will take you to Cha Am's busy night market which sells everything from noodles to puppies. The market begins to wind down just before midnight but many of the stalls selling food and drinks often stay open until dawn.

Overnight in Cha Am.

Day Four: Sam Roi Yot

Get ready for a packed day's activity in Khao Sam Roi Yot or "The Mountain of Three Hundred Peaks" - a coastal national park around 60km South of Cha Am. The park is home to over 300 species of birds as well as the rare Serow, a goat/antelope like mammal that can sometimes be seen near the park headquarters.

The day will begin with a trek through the forests and caves that surround the Limestone Mountains rising from the Gulf of Thailand. You will also visit the mangrove forests and take a boat trip to view the mountains from the sea, and perhaps even see some of the dolphins that live in the waters of the park.

Overnight in Cha Am.

Day Five: Travel to Koh Tao

Expect an early start as the coach for Chumphon, from where the ferry leaves for Koh Tao, leaves at 8am. You should arrive in Koh Tao at around 2pm.

Koh Tao translates as "Turtle Island" and is situated between Suratthani and Chumphon in the Gulf of Thailand. Serving first as a stopping point for fishermen and later as a prison, the island did not begin to develop as a tourist destination until the 1980s and remains less developed than islands such as Koh Samui and Phuket.

You will be staying on Sairee Beach, a 1.7km long stretch of soft white sand and shallow turquoise water.

Overnight on Sairee Beach, Koh Tao.

Day Six: Island Tour

Today you will take a boat ride around Koh Tao with frequent stops for snorkelling in the clear waters. The Tour

ends on the tranquil Koh Nangyaun, three tiny islands connected only by a strip of sand.

Overnight on Sairee Beach, Koh Tao.

Days Seven to Nine: Koh Tao

No activities are scheduled for these days so you have the freedom to enjoy the tropical island in your own way. Your coordinator will be able to advise you what to do in your free time.

Snorkelling is a favourite activity for many visitors to Koh Tao and, if you didn't have enough of it on your boat trip, fins, snorkels and masks are readily available for hire all over the island and coast at a cost of around 100 Baht per day. Head East or North to explore the rocky coves and even a shipwreck or two. Visitors between March and May might be lucky enough to catch a rare glimpse of a visiting 40ft Whale Shark, but if not, the coral and tropical fish more than make up for it. If you want a more adventurous underwater experience many companies offer diving trips for beginners. Onshore there are numerous activities, such as yoga and hiking, open to visitors.

Two nights on Sairee Beach, Koh Tao.

Day Ten: Tour Ends

Some may choose to stay on Koh Tao, travel on to other parts of Thailand or further afield while others will be heading back to Bangkok and home. Whatever your travel plans our local coordinator will be happy to advise you.

Please note: The trip finishes on Koh Tao and therefore any arrangements after this are at your own cost.

If you can't drag yourself away from Koh Tao's stunning beaches and want to continue living the dream for a week or two more, why not add a [scuba diving course](#) onto the end of your trip?

Our diving courses are based in Koh Tao, one of the best diving spots in the world and once you set foot in the crystal clear blue water you'll soon see why. Koh Tao has perfect diving conditions all year round so you're guaranteed to see all kinds of amazing coral and fish species. Whether you're a complete beginner or you've dived before, we have courses to suit all levels. You'll even go home with a PADI qualification!

This would definitely be the perfect end to your trip and gives you an excuse to stay in paradise a little longer! (How can you say no to that!?)

Accommodation

Accommodation will vary during your programme as you will be staying in several different locations. In Bangkok your hotel room will be twin share with air conditioning and breakfast included on Khao San Road. Throughout the rest of the trip hotel rooms will be twin share and equipped with a fan.

You will share a room with a member of the group of the same sex. Depending on group dynamics, there may be occasions where you will share a triple room. Please remember to inform us if you want to share a room with your friend or partner, so we can make sure you stay together throughout your trip.

Programme Services and Facilities

Your accommodation will generally be around 10-20 minutes (either walking or by tuk tuk) from a town which has all the amenities you could need such as Internet, shops, hospital, pharmacy, banks and restaurants. You will not have easy access to any of these during any camping or trekking activities. You should inform friends and family at home that there may be a few days at a time where you are unable to get to a telephone or internet café.

Internet

There are Internet terminals in most towns and cities you will visit. They are very cheap at around 30B per hour.

Telephone

The international telephone access code for Thailand is +66. To place an outgoing, direct-dialled international call, dial +44 for the UK followed by the telephone number. For example to call our office dial +44 1892 516164.

A good option is to buy a phone card for 300B, these can be used from landlines and are a cheap way to make calls. Alternatively, if you are taking your mobile there will be signal in most major towns and cities but this may be limited in more rural areas. You will be able to buy a Thai SIM card for your mobile in Bangkok for about £5 / 6€ / \$7. Please make sure you check with your phone provider that your handset is unlocked and also that you check the cost of your tariff if you choose to stick with your phone provider - calls from abroad can become very expensive.

Remember to bring your mobile phone charger and an adaptor! Also remember that signal may be very limited when in the mountains and remote areas.

Finally, don't forget to contact your family once you are in Thailand, to let them know you have arrived safely!

Laundry

There are no washing machines at the accommodation. You can pay to get your clothes washed for you (very efficient and cheap) or you can hand wash your clothes. We recommend that you bring some travel wash with you either way.

Electricity

There will be plug sockets at your accommodation in resorts.

Meals

Breakfasts are generally not included but can be purchased for as little as 50p. Most lunches and dinners are not included to allow you to enjoy eating out in local restaurants and bars and the opportunity to sample the local cuisine. Eating out is very cheap in Thailand, and can cost as little as 25 pence though an average meal may set you back between £1- £1.50.

Passports and Visas

You should ensure that you have a full passport that is valid for 6 months beyond the intended length of stay. It is your responsibility to have the correct personal documents and to obtain your own visa, if one is necessary, in accordance with the regulations of the country you are to visit. The information provided below is to help you with that process. We are not responsible for the actions of local immigration and customs officials, whether at points of entry or otherwise, and any subsequent effects.

Citizens of the UK, the USA, Ireland, Australia, South Africa, New Zealand and most European countries do not require a visa for stays of less than 30 days. For stays of between 31 and 60 days you can obtain a 60-day tourist visa for a fee from a Thai embassy or consulate before you travel. Cultural Considerations

Whilst parts of Thailand are developing very quickly and Bangkok can feel more modern than many Western cities, much of the country is still very poor and people have challenging lives. The accommodation you will be staying in is very basic and you will not have the luxuries that you may have in this country. Please respect that this is the way locals live and take the opportunity to experience this new way of life. The friendly people, the great atmosphere and beautiful location will more than make up for this. Most travellers enjoy this change in lifestyle. It is very healthy, refreshing and opens your mind to a new world.

Religion

Religion is an important part of Thai day-to-day life and the main religion is Buddhism. Around 4% of the country are Muslim (largely concentrated in the far south of the country) and there is a small Christian population.

Clothing

Note to all regarding clothes: Thailand is a very conservative country and, away from the beaches, people generally like to dress as smartly as possible and, even in rural areas you will see that most people are very conscious of being in clean and conservative clothes. Although no-one expects you to wear a suit and tie, and when at your project old t-shirts and shorts/jeans are totally appropriate, please do remember to cover up and try not to show too much flesh.

Boys – please note that wandering around without wearing a shirt/t-shirt is frowned upon (away from the beach) and in urban areas can draw the attention of the police.

Girls – please try not to expose too much flesh. Try to avoid t-shirts that expose too much and don't wear short shorts.

NOTE: When visiting a temple you are expected to cover up. Wear trousers or skirts and cover your shoulders, midriff and back.

There are plenty of opportunities to sunbathe and swim whilst in Thailand, so remember to take your bikini, swimsuit, swimming shorts etc. Flip-flops are the easiest and coolest footwear to take with you. Whenever you enter houses, temples, or home stays you will need to remove your shoes and leave them at the door. This will

soon become habit and you won't even realise you are doing it. Remember to take some trainers with you as well for the outdoor activities.

There are many opportunities to buy cheap clothes from markets. These are cool, cheap and ideal for the climate and social norms.

Smoking, Alcohol and Drugs

Smoking and drinking is acceptable in Thailand and readily available. However, please respect other people. Smoking is not permissible in volunteer apartments or the host families' homes. Drinking is only permissible in moderation and must not impact upon any volunteer work you undertake. While we want you to have fun in your free time, antisocial behaviour will not be tolerated.

It is absolutely forbidden to carry drugs into Thailand. Being caught in possession of drugs can lead to at least a prison sentence and a hefty fine if you are lucky but remember there is still a very real threat of the death penalty for carrying drugs in Thailand. Always keep an eye on your luggage while travelling. Never bring anyone else's luggage through customs.

Bathroom Facilities

You will experience a range of different shower and toilet facilities. Unless you are staying in a hotel you will rarely have hot water. The cool water takes a little getting used to but we are sure you'll find it refreshing after a hot and humid day. Toilets will be a combination of western and Asian. Remember to put all toilet tissue in the bin provided and not in the toilet.

You'll find that many places don't have soap or toilet/tissue paper in the bathrooms. Without going into too much detail, that's what the water can be used for (as well as flushing) or often a small water spray pipe next to the toilet. It can be useful to carry a small bottle of antibacterial gel for washing hands and small packets of tissues.

Vaccinations & Health

Travel health can often be something people forget about before going away, but a little preparation and knowledge can go a long way to help you stay fit and healthy while abroad. The risks to your health whilst travelling will vary depending on your general health and the type of activities you are going to be partaking in and the length of your stay.

Since we are not medically qualified, it is recommended that you consult with your Doctor or a recognised Travel Medical Advisory Service who will assess your particular health risks before recommending vaccines and/or anti-malarial tablets and advising you on what precautions you should take.

Safety

As in most countries there are people who try to take advantage of tourists. The following advice is intended to help you keep safe:

- Always keep your personal items such as passport, money and camera with you and in a safe place. You can buy mini padlocks to prevent people from going into your day sack without your permission.
- Always walk around in groups, never go off with strangers and people that you have only just met
- Never go out alone after dark
- Stick with the escorted trips. If you do go out in the evening unescorted, you do so at your own risk. Please tell the co-ordinator or your home-stay family where you are going, what time you will be back and ensure you sign the release from.
- Please do not get into fights, or arguments with local Thais. We cannot guarantee your safety and it could provoke future attacks on other travellers

- As in this country there have been reports of drinks being spiked on the islands. Please do not leave your drinks unattended and do not accept drinks from strangers.
- Most importantly of all, if you wouldn't do whilst you are at home, then don't do it whilst you are away!

This information is not intended to scare you. Unfortunately, bad things can happen, as they can do in any country and we want you to be prepared. We want you to stay safe and have a good time.

We would like to add that the majority of the locals are friendly, warm and hospitable people who love meeting our travellers. Please be friendly, respectful and stay aware and you will have a great time.

We advise that you check your government's advice before travelling abroad. For UK, American and Australian customers please see the relevant links below;

UK: www.fco.gov.uk

USA: www.travel.state.gov

Australia: www.smartraveller.gov.au

ATM Theft

It is very likely that you will need to withdraw cash at some point during your travels. Please be cautious when withdrawing money from an ATM and ensure that you are vigilant of other people near the ATM, especially those that offer unsolicited assistance if your card is detained. It has been recognised that individuals are operating unlawful withdrawals by placing 'traps' in ATMs whereby personal bank cards are being detained, causing the victim to believe their card transaction has not been completed, and leaving their bank card in the ATM which is then later retrieved by the thief.

If your card is confiscated or you are concerned that your card has been tampered with, please report immediately to the bank or cancel your card.

Thailand Terrorist Threat

Thailand is one of the most popular destinations for visitors to Southeast Asia. Most visitors enjoy a trouble-free stay. However, Thailand does have a history of political instability and has experienced a number of military coups since 1932. The political future of the country remains uncertain, though the situation remains stable.

Over the past 3-4 years there have been a number of political demonstrations in Bangkok and some other urban areas. Tensions rise and fall but other than in 2010, most protests are usually peaceful and Thais still go out of their way to be hospitable to visitors. However, it's always advisable to avoid large gatherings and listen to the advice of the team in country

Language Guide

Here are some useful phrases to remember when you get to Thailand. We also suggest you obtain a Lonely Planet or language guide for the destination(s) you are travelling to.

Hello (Male speaker) - *sawatdee krup*

Hello (Female speaker) - *sawatdee kaa*

How are you? - *sabai dee reu*

Good-bye - *la gon*
Sorry/Excuse me - *kor thoad*

Food & Drink

It's normal in Thailand to eat rice dishes for breakfast and it is all part of the cultural experience. In fact, rice and noodles are served with all meals. The food is gorgeous, with fresh vegetables tasting far better than they do back home. Vegetarians will be happy, as Tofu is widely available as is plenty of fresh fruit. And meat lovers will also be tantalising their taste buds visiting the many local markets where you can buy chicken satay (marinated kebabs), beef kebabs and other types of meat. It is very cheap too. Remember to let us know before you depart if you have any special dietary requirements.

Public Holidays

When planning your trip, you should be aware of the major national holidays celebrated throughout the country. However, although businesses and government offices are closed on public holidays, tourist attractions and shops are almost never closed. The main impact on the tourist of these holidays is the increased competition for travel and accommodation from Thais who use long weekends to get away from the big city.

Weather

Thailand's equatorial climate remains tropical and warm for most of the year, with the south getting the best of the weather. The monsoon season falls between May and October, bringing warm and humid air and dipping to a minimum of 18°C. This means that Thailand is a great destination at most times of the year, though the best months are between November and February when temperatures are comfortable and rains have slackened off.

Time

Thailand is 7 hours ahead of GMT.

Electricity

The electricity in Thailand is 220 volts and frequency 50 Hertz. Devices that do not accept this voltage will need to be used with an adapter. Outlets in Thailand generally accept 2 types of plug:

Flat blade plug

or

Two round pins
