Let nature take over with the soaring peaks of the Appalachian Mountains, the Great Lakes of the mid-west and the spectacular rush of water at Niagara Falls. Add a soundtrack of County and Blues and we reckon you've got the East covered.

### Destination Info

In the States, 'the East' is everything to the right of the Mississippi River. From New York to New Orleans and from the Great Lakes south to the tropical Florida Keys; the East means something different to everyone. To some it's Boston, Broadway, basketball and the blues; to others it's history, hillbillies and Harlem

### Itinerary

# USA Tour 14 Day Best of the East

## Day 1-2: New York Area & Washington DC

Washington D.C. is the perfect introduction to the social, cultural and political history of the United States. Explore D.C.'s parks by day and monuments by night. From the impressive Smithsonian Museum to the White House, to Georgetown's trendy bars, the capital has something for everyone.

## Day 3: Shenandoah National Park

Follow the crest of the Blue Ridge Mountains in Shenandoah National Park for stunning views across the Valley. The Appalachian Trail puts earth under your boots, great oaks overhead and huge scenery every which way you look. Enjoy this amazing hike!

## Day 4: West Virginia

The Mountain State should be called the Whitewater State: feed the rafting bug with an optional blast rafting some of the best whitewater in America or try your hand at zip lining through the trees.

## Day 5-6: Great Smoky Mountains

Known to the Cherokee people as the 'Place of Blue Smoke', the valleys offer great walking trails to explore. Keep your eyes peeled, this is the home of the American black bear!

## Day 7: Nashville

Leaving the Appalachians we head to the center of American country music in Nashville, Tennessee. Expect a big slice of Southern charm where country and western fills foot-tapping live venues - then satisfy your urge for thumping bass, rock anthems or whatever gets you on the dance floor.

## Day 8: Indiana

Hit the Kentucky Bourbon Trail en route to the birthplace of the deep dish pizza, sweet home Chicago.

## Day 9-10: Chicago

Travel out of the woods and into the wildlife, Chicago that is! The nation's third largest city, home to North America's tallest building, the Willis Tower, boasts incredible nightlife. Hit all the highlights on Bobby's Bike Hike tour of Chicago, including views of the Willis Tower and Navy Pier, then browse hip blues joints on soulful Halsted Street.

## Day 11-12: Ohio & Niagara Falls

Cross the midwest to Cedar Point Amusement Park - home of the Millenium Force - the greatest roller coaster in the world! Then it's on to one of America's greatest natural attractions, Niagara Falls. By day, get as close as you dare on the "Maid of the Mist" boat trip where a serious amount of water crashes only feet from you, and at night see them lit up in all their glory.

## Day 13-14: Finger Lakes & New York Area

A last stop in the lovely and rural Finger Lake region of New York State, before returning back to the Garden State where the adventure began. This tour is not scheduled to spend any time in New York City so make sure you book extra hotel nights and explore the sights and sounds of the Big Apple on your own before heading home.

## Accommodation

11 nights camping (including fees and equipment)

2 hostel/hotel nights

## Meals

On our camping tours, our groups share in the preparation and cooking of the food. Supplies, excluding soft drinks and alcohol, are purchased from the food kitty, and each member of the group pays US\$10 per day en route. This covers three meals on most days while we are camping; eating fresh foods that we purchase as we travel to satisfy the international flavour of the group - a healthy way to travel at an unbeatable price. Naturally this does not cover hotel stops or when Trek groups sometimes sample regional cuisine at local restaurants.

## FAQs

1. **How many people will there be on the tour?**  
Between 6 and 13 people with one tour leader.
2. **What is the average age of the tour participants?**  
The age range is 18-38 and early to mid twenties are the most common ages.

### 3. How fit do I need to be?

There will be a fair bit of walking and hiking on the tour as well as the opportunity to do lots of activities. So you should be relatively fit but don't forget that activities are optional so you can do the trip at your own pace.

### 4. Will I be the only person travelling on my own?

No, the majority of our travellers are solo travellers and you will meet lots of people on your tour!

### 5. What if I have never camped before?

Don't worry, your fantastic tour leader will show you how to put your tent up and use your camping equipment.

### 6. How much money do I need to bring on the tour?

For TrekAmerica camping tours you will need to budget for the food kitty. This is usually US\$10 a day however see individual tour pages for specific details. This will cover all of your meals while camping but does not cover meals during hotel stops or when the group chooses to sample regional cuisine. Depending on the tour you choose, there may be en-route hotel nights paid locally and the cost will be shown on the itinerary. You should budget for each of these night stops. We recommend you take at least US\$40/CAN\$40 dollars per day to budget for your optional activities and snacks along the way on all our North American Treks. This does not include money for food kitty and en route hotel expenses. We suggest you bring US \$150 with you in cash. ATM's and cash machines are readily available throughout North America and major credit cards are widely accepted throughout the country. Traveller's checks are accepted and can be a safe way to take your funds but aren't always the most practical. In some off the beaten track destinations ATM's and cash machines may be limited. Credit card payment can't be accepted for food kitty and enroute hotel payments.

### 7. Do I need to tip?

Although it may not be customary in your country, it is normal and expected in North America to tip waiters, bar staff, any type of guide and taxi drivers. Service workers are paid a low wage and depend upon their tips for their livelihood. A minimum of 15% is standard in restaurants. Your trek leader works long and hard for you. He or she may well become your close friend during the trek, but they also need to pay their bills. If the leader's performance meets or exceeds your expectations we recommend a tip of US \$5 per person, per day.

## Passports and Visas

You should ensure that you have a full passport that is valid for 6 months beyond the intended length of stay. It is your responsibility to have the correct personal documents and to obtain your own visa, if one is necessary, in accordance with the regulations of the country you are to visit. The information provided below is to help you with that process. We are not responsible for the actions of local immigration and customs officials, whether at points of entry or otherwise, and any subsequent effects.

For stays of up to 90 days citizens of Australia, New Zealand and most European countries will need to apply for an ESTA visa before they go. The ESTA visa can be applied for online for a small fee and must be used within two years of issue.

For working holidays applicants will usually need to hold an ESTA visa and a working visa, the type of visa required will depend on the nature of your work, your nationality and the length of your stay; you will also usually need some form of sponsorship from an employer in the USA.

## Cultural Considerations

A global culture and tradition is virtually non-existent in the USA because of the vast mixture of backgrounds that its original immigrant education came from. This is particularly reflected in the number of China Towns, Irish Districts, Jewish districts and so on that are in virtually every city across North America, as well as the fact that several states have Spanish and French as official state languages alongside English.

The American people are similar to Europeans in terms of what does and doesn't offend them. Although sometimes seen as loud and crass when outside their native country, you may find that Americans in America are less overpowering than you might expect. Here are a few ways to avoid offending your hosts:

- It is best to avoid talking about religion – faith is seen as being entirely personal to many Americans, although you are likely to come across people belonging to religions that have the intention of trying to convert you. Whichever of these you come across, they will not be used to having their beliefs challenged and may become offended easily.
- Smoking in public is becoming restricted more and more – keep an eye out for signs.
- Americans tend to have a relaxed social attitude and you may find that people (even shop assistants and waiters) are really interested in talking to you, especially about your country of origin. This is seen to be polite so engage them in casual conversation.
- In such conversation you may find that the person you are talking to has little knowledge of life outside the US (this is by no means the majority of people) and may refer to stereotypes – if you feel that you need to correct their views, do it politely and they will be gracious.
- US residents feel a strong connection to their 'land of origin' even if their family has lived in America for 200 odd years and once had an Irish relative!
- Terrorism is still very much a topic that must be approached with utmost respect. Talking about war should also be approached with caution - the American public are very patriotic about their troops.

### Smoking, Alcohol and Drugs

Smoking and drinking is acceptable in the USA. The legal age of alcohol consumption in the US is 21. However, please respect other participants. Drinking is only permissible in moderation and must not impact on your volunteer work during the week. While we want you to have fun in your free time, antisocial behaviour will not be tolerated.

It is absolutely forbidden to bring drugs into the USA. Always keep an eye on your luggage while travelling. Never bring anyone else's luggage through customs. If you get caught there is little chance that you will walk away without punishment. As in most countries, the USA has very strict rules when it comes to the possession of drugs. All drugs, including "soft" drugs like marijuana, are ILLEGAL. Please do NOT use any illegal substances whilst travelling – it is not worth the risk and is not acceptable at the project.

## Tipping

In a restaurant or taxi you should tip 15- 20% of the bill total, as no service charge will be added on. Tipping is widely practiced due to the low wages that the workers in such professions receive.

## Vaccinations & Health

Travel health can often be something people forget about before going away, but a little preparation and knowledge can go a long way to help you stay fit and healthy while abroad. The risks to your health whilst travelling will vary depending on your general health and the type of activities you are going to be partaking in and the length of your stay.

Since we are not medically qualified, it is recommended that you consult with your Doctor or a recognised Travel Medical Advisory Service who will assess your particular health risks before recommending vaccines and/or anti-malarial tablets and advising you on what precautions you should take.

## Safety

As in most countries there are people who try to take advantage of tourists. The following advice is intended to help you stay safe:

- Always keep your personal items such as passport, money and camera with you and in a safe place. You can buy mini padlocks to prevent people from going into your bag without your permission.
- Don't carry excess amounts of cash
- Wherever possible, walk around in groups, especially after dark, and avoid taking short cuts
- Do not pick up hitch hikers if you are driving and do not hitch hike yourself
- When you are out do not leave your drinks unattended, as there have been reports of drinks being spiked

We advise that you check your government's advice before travelling abroad. For UK, American and Australian customers please see the relevant links below;

## ATM Theft

It is very likely that you will need to withdraw cash at some point during your travels. Please be cautious when withdrawing money from an ATM and ensure that you are vigilant of other people near the ATM, especially those that offer unsolicited assistance if your card is detained. It has been recognised that individuals are operating unlawful withdrawals by placing 'traps' in ATMs whereby personal bank cards are being detained, causing the victim to believe their card transaction has not been completed, and leaving their bank card in the ATM which is then later retrieved by the thief.

If your card is confiscated or you are concerned that your card has been tampered with, please report immediately to the bank or cancel your card.

## Food & Drink

Currently the USA is famed for its love of the quick and easy fast food- burgers, pizza, fries and so on. However, there is so much choice out there, budget and otherwise- get out and sample it! You will be able to get any ethnicity food you could possibly imagine but if you want something properly American try out some steak, ribs, seafood in the coastal areas (especially Florida and California). Try some Cajun food (spot the European influence!) or something Mexican both options are delicious.

It is really important that you let us know before you depart if you are a vegetarian or have any other dietary requirements.

## Public Holidays

## Weather

The climate in the USA is relatively temperate though specific weather conditions can vary greatly depending on where you are; this country is pretty huge! As a general rule the further south you go, the hotter it gets, while the north and areas far from the coast experience the most extreme weather. California and the east coast are warm and balmy for most of the year while northern areas such as New York experience 4 definable seasons.

Hurricanes and tornadoes are more common in south-eastern areas and occur during excessive warm weather on a sporadic basis. The USA is the only country in the world to cover all of the six climactic zones, ranging from tropical to polar, which means that a trip here will be an adventure in more ways than one!

## Time

The USA has four time zones (not including Hawaii and Alaska) all of which are behind the Greenwich Mean Time. They are:

- Eastern time; five hours behind GMT (New York)
- Central time; six hours behind GMT (Chicago, Texas)
- Mountain time; seven hours behind GMT (Rocky Mountains, Southwest)
- Pacific time; eight hours behind GMT (California, Nevada)

Don't forget to take Daylight Saving Time into account from mid-March to early November

## Electricity

In the USA the electric system is 120 Volts and frequency 60 Hertz. If your device does not accept power at this

voltage you will need an adapter. Outlets in United States of America / USA generally accept 1 type of plug:

Flat blade plug
