You have a bit of everything in the USA - including the most famous and cosmopolitan cities New York, Los Angeles and breathtaking National Parks like Yosemite and Yellowstone.

Itinerary

USA Tour 7 Day Western Wonder

This tour operates in both directions, from Los Angeles to San Francisco and San Francisco to Los Angeles.

After a short tour of Hollywood we bid the City of Angels farewell and head through California on day one to the vast swathes of Arizona's cactus-prickled desert. After spending an evening along the Colorado River we explore America's premier National Park, and find out why it is called the Grand Canyon. Keep your feet firmly on the ground or swoop above it all on an optional flight. One thing's for sure though, this place looks incredible from any angle, especially walking along the rim at sunset.

Next, Las Vegas - the greatest show on earth! The Strip, the shows, the casinos, the clubs; Sin City's glitziest and brashest spots are sure to impress as you cruise the Las Vegas Boulevard on an included limo ride! Hop onto one of the world's highest thrill rides at Vegas' Stratosphere and it won't just be your head that's spinning. And if that's not enough, take a helicopter flight down The Strip or just gamble the night away in one of the world class casinos.

USA Tour 7 Day Western Wonder

Heading through Central California we take a scenic drive into the Yosemite National Park region and a chance to hike or bike through the extraordinary landscape of glacier-carved granite monoliths and spectacular waterfalls. Keep your eyes peeled for black bears. Coyote roam freely as well and when the sun goes down, their howling often echoes amidst pines and sequoias. Probably one of north America's most stunning national parks. Admit it; this is what clicks the spirit of the great outdoors up a notch or two!

On our last day together we head back west through California's gold country, where in 1848 the finding of a single nugget triggered a stampede of gold-seekers known as the 49'ers, before arriving at the home of the beatnik generation, San Francisco.

Tour ends at approx 17:00 hrs in San Francisco on day 7.

FAQs

1. **How many people will there be on the tour?**
Between 6 and 13 people with one tour leader.
2. **What is the average age of the tour participants?**

USA Tour 7 Day Western Wonder

The age range is 18-38 and early to mid twenties are the most common ages.

3. **How fit do I need to be?**

There will be a fair bit of walking and hiking on the tour as well as the opportunity to do lots of activities. So you should be relatively fit but don't forget that activities are optional so you can do the trip at your own pace.

4. **Will I be the only person travelling on my own?**

No, the majority of our travellers are solo travellers and you will meet lots of people on your tour!

5. **What if I have never camped before?**

Don't worry, your fantastic tour leader will show you how to put your tent up and use your camping equipment.

6. **How much money do I need to bring on the tour?**

For TrekAmerica camping tours you will need to budget for the food kitty. This is usually US\$10 a day however see individual tour pages for specific details. This will cover all of your meals while camping but does not cover meals during hotel stops or when the group chooses to sample regional cuisine. Depending on the tour you choose, there may be en-route hotel nights paid locally and the cost will be shown on the itinerary. You should budget for each of these night stops. We recommend you take at least US\$40/CAN\$40 dollars per day to budget for your optional activities and snacks along the way on all our North American Treks. This does not include money for food kitty and en route hotel expenses. We suggest you bring US \$150 with you in cash. ATM's and cash machines are readily available throughout North America and major credit cards are widely accepted throughout the country. Traveller's checks are accepted and can be a safe way to take your funds but aren't always the most practical. In some off the beaten track destinations ATM's and cash machines may be limited. Credit card payment can't be accepted for food kitty and enroute hotel payments.

7. **Do I need to tip?**

Although it may not be customary in your country, it is normal and expected in North America to tip waiters, bar staff, any type of guide and taxi drivers. Service workers are paid a low wage and depend upon their tips for their livelihood. A minimum of 15% is standard in restaurants. Your trek leader works long and hard for you. He or she may well become your close friend during the trek, but they also need to pay their bills. If the leader's performance meets or exceeds your expectations we recommend a tip of US \$5 per person, per day.

Cultural Considerations

A global culture and tradition is virtually non-existent in the USA because of the vast mixture of backgrounds that its original immigrant education came from. This is particularly reflected in the number of China Towns, Irish Districts, Jewish districts and so on that are in virtually every city across North America, as well as the fact that several states have Spanish and French as official state languages alongside English.

The American people are similar to Europeans in terms of what does and doesn't offend them. Although sometimes seen as loud and crass when outside their native country, you may find that Americans in America are less overpowering than you might expect. Here are a few ways to avoid offending your hosts:

- It is best to avoid talking about religion – faith is seen as being entirely personal to many Americans, although you are likely to come across people belonging to religions that have the intention of trying to convert you. Whichever of these you come across, they will not be used to having their beliefs challenged and may become offended easily.
- Smoking in public is becoming restricted more and more – keep an eye out for signs.
- Americans tend to have a relaxed social attitude and you may find that people (even shop assistants and waiters) are really interested in talking to you, especially about your country of origin. This is seen to be polite so engage them in casual conversation.
- In such conversation you may find that the person you are talking to has little knowledge of life outside the US (this is by no means the majority of people) and may refer to stereotypes – if you feel that you need to correct their views, do it politely and they will be gracious.
- US residents feel a strong connection to their 'land of origin' even if their family has lived in America for 200 odd years and once had an Irish relative!
- Terrorism is still very much a topic that must be approached with utmost respect. Talking about war should also be approached with caution - the American public are very patriotic about their troops.

Smoking, Alcohol and Drugs

Smoking and drinking is acceptable in the USA. The legal age of alcohol consumption in the US is 21. However, please respect other participants. Drinking is only permissible in moderation and must not impact on your volunteer work during the week. While we want you to have fun in your free time, antisocial behaviour will not be tolerated.

It is absolutely forbidden to bring drugs into the USA. Always keep an eye on your luggage while travelling. Never bring anyone else's luggage through customs. If you get caught there is little chance that you will walk away without punishment. As in most countries, the USA has very strict rules when it comes to the possession of drugs. All drugs, including "soft" drugs like marijuana, are ILLEGAL. Please do NOT use any illegal substances whilst travelling – it is not worth the risk and is not acceptable at the project.

Tipping

In a restaurant or taxi you should tip 15- 20% of the bill total, as no service charge will be added on. Tipping is widely practiced due to the low wages that the workers in such professions receive.

Vaccinations & Health

Travel health can often be something people forget about before going away, but a little preparation and knowledge can go a long way to help you stay fit and healthy while abroad. The risks to your health whilst travelling will vary

depending on your general health and the type of activities you are going to be partaking in and the length of your stay.

Since we are not medically qualified, it is recommended that you consult with your Doctor or a recognised Travel Medical Advisory Service who will assess your particular health risks before recommending vaccines and/or anti-malarial tablets and advising you on what precautions you should take.

Safety

As in most countries there are people who try to take advantage of tourists. The following advice is intended to help you stay safe:

- Always keep your personal items such as passport, money and camera with you and in a safe place. You can buy mini padlocks to prevent people from going into your bag without your permission.
- Don't carry excess amounts of cash
- Wherever possible, walk around in groups, especially after dark, and avoid taking short cuts
- Do not pick up hitch hikers if you are driving and do not hitch hike yourself
- When you are out do not leave your drinks unattended, as there have been reports of drinks being spiked

We advise that you check your government's advice before travelling abroad. For UK, American and Australian customers please see the relevant links below;

USA: www.travel.state.gov

Australia: www.smartraveller.gov.au

ATM Theft

It is very likely that you will need to withdraw cash at some point during your travels. Please be cautious when withdrawing money from an ATM and ensure that you are vigilant of other people near the ATM, especially those that offer unsolicited assistance if your card is detained. It has been recognised that individuals are operating unlawful withdrawals by placing 'traps' in ATMs whereby personal bank cards are being detained, causing the victim to believe their card transaction has not been completed, and leaving their bank card in the ATM which is then later retrieved by the thief.

If your card is confiscated or you are concerned that your card has been tampered with, please report immediately to the bank or cancel your card.

You will be able to get any ethnicity food you could possibly imagine but if you want something properly American try out some steak, ribs, seafood in the coastal areas (especially Florida and California). Weather

The climate in the USA is relatively temperate though specific weather conditions can vary greatly depending on where you are; this country is pretty huge! As a general rule the further south you go, the hotter it gets, while the north and areas far from the coast experience the most extreme weather. California and the east coast are warm and balmy for most of the year while northern areas such as New York experience 4 definable seasons.

Hurricanes and tornadoes are more common in south-eastern areas and occur during excessive warm weather on a sporadic basis. The USA is the only country in the world to cover all of the six climactic zones, ranging from tropical to polar, which means that a trip here will be an adventure in more ways than one!

Time

The USA has four time zones (not including Hawaii and Alaska) all of which are behind the Greenwich Mean Time. They are:

- Eastern time; five hours behind GMT (New York)
- Central time; six hours behind GMT (Chicago, Texas)
- Mountain time; seven hours behind GMT (Rocky Mountains, Southwest)
- Pacific time; eight hours behind GMT (California, Nevada)

Don't forget to take Daylight Saving Time into account from mid-March to early November

Electricity

In the USA the electric system is 120 Volts and frequency 60 Hertz. If your device does not accept power at this voltage you will need an adapter. Outlets in United States of America / USA generally accept 1 type of plug:

Flat blade plug
